

# CHEMICAL/DISINFECTANT APPLICATOR

A BETTER WAY TO APPLY CHEMICALS, DISINFECT YOUR HOME AND BUSINESS, AND SO MUCH MORE.

This portable unit makes it easy to apply disinfectants, sanitizers, or virtually any chemical quickly and easily in a variety of applications! Simply add the chemical or disinfectant of your choice, plug the machine into a 110V outlet, and it's ready to go.

Combining a measured solution tank, easy fill opening & cap, flushing valve for cleanup, and a heavy duty, yet portable, tubular frame on pneumatic wheels, the most demanding jobs just got easier!
